OUR JUNIOR SUITES ARE SELLING FAST FOR 2026

Live your best life in our two-bedroom sea view Junior Suites, which have a coastal theme with a difference, and their Seascape Vibe enhances the way our guests experience their vacation.

Bursting with style, the design blurs the boundaries between the inside and outside, drawing on the elements of a ‘Seascape’ setting. We’ve brought the outside in, using a combination of sandy, citrona, hazy blue and green colour tones, you could be forgiven for thinking you are on Malibu beach.

The suites have a modern feel and natural materials, artisan textiles, timber touches and woven textures have all been incorporated into the interior spaces to bring style to your stay.

Perfect for families or groups of friends, these spacious suites accommodate up to six or four guests, respectively. With prices starting at £160 per night, sharing the cost makes exceptional value.

MEET THE STAFF - GRACE

This we are shining a light on Grace, who many of you know as part of the restaurant team. Grace joined the hotel when she was only 15 and three years later, she's still delivering a great service, ensuring your dining experience is top-notch.

Grace has just wrapped up her A levels, achieving excellent grades in Psychology, Ethics and Sociology and is unsure about what type of career she will pursue in the future. She is quite interested in working in the prison system, but meanwhile, she is undertaking a new role at the hotel. Say hello to Grace at the front desk, as she steps into an exciting new dual role on Reception and with our Sales and Marketing team.

She has always been passionate about dancing and dedicated fourteen years to dance school, attaining honours equivalent to A levels, but Grace is taking a breather from dancing at the moment and spending time working out at the gym, learning to drive, and enjoying nights out with her friends.

Grace enjoys comedy TV programmes such as Benidorm and The Inbetweeners, listening to all genres of music, especially house music and travelling. She is fortunate to have been on many cruises and to have visited many countries on family holidays with her parents and older sister. Her next big adventure? Seeing the spectacular Northern Lights.

Grace says she genuinely loves working at the Craig-y-Don, especially because she gets to work alongside friends and meet so many wonderful guests, both new and regular.

Fun fact: Grace once won Musician of the Year at school for playing the flute.

PANTO SEASON IS HERE!

Pantomimes, the wacky, glitter-fuelled tradition beloved since Victorian times are back to make you laugh and give you a fantastic time!

This isn't your average theatre. Expect fairy tales twisted into a riot of hilarious gags, catchy songs, magic, and slapstick comedy. It's a classic battle of good versus evil where your vocal cords get a workout, you cheer the goodies and BOO the baddies!

The real magic comes from the larger-than-life characters: think outlandish Dames, dazzling Fairies, heroic Principal Boys, and adorable creatures, all brought to life by a great cast. Get ready for an array of dazzling costumes dripping in glitter and glam.

But the best part is the audience participation! You'll be shouting the classics like "He's behind you!" and ducking from custard pies and squirting water. And don't worry, the grown-ups get their fun too with plenty of edgy jokes and witty innuendos sailing right over the kids' heads!

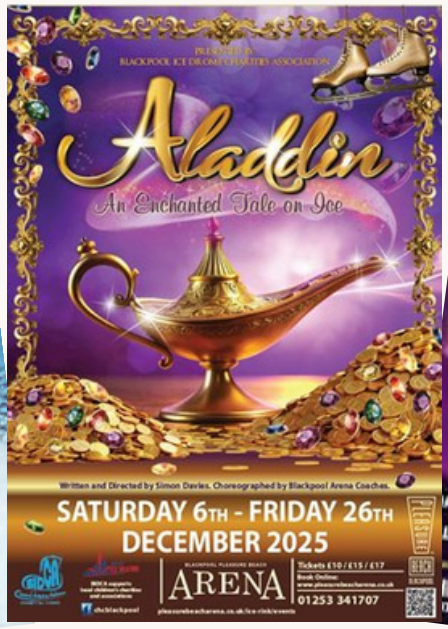

Panto brings our favourite childhood stories to vibrant life. If this has whetted your appetite, Blackpool is ready with three spectacular Pantos.

The Grand Theatre: Beauty and the Beast 5 Dec-4 Jan

Winter Gardens: The Elf 9-14 Dec

The Pleasure Beach: Aladdin on Ice 6-26 Dec
